

alano 03 slots

A slot is a narrow opening in a machine or container, for example a hole that you put coins in to make a machine work. He dropped a coin into the slot and dialled the number. If you slot something into something else, or if it slots into it, you put it into a space where it fits. He was slotting a CD into a CD player.

SLOT definition and meaning | Collins English Dictionary

dictionary : english : slot

a

We call it The Slot Method. Using this method, when asked to find a probability of a compound event A, we will find the total number of outcomes, $n()$

he number of events (either independent or dependent) that make up the compound event.
