<p>In our opinion, based on published financial figures and the amount of TV exposure, bet365 appears to be 💷 one of the largest betting operators in the world. Our opinion of the lotto betting experience through bet365 on desktop 💷 and mobile is extremely high based on the excellent usability of the site.</p>
<p></p>
<p>It can be a little difficult to initially 💷 find the Lottery option on the left hand side navigation (when on Desktop), however once you're there it is extremely 💷 clear and easy to use. The odds are displayed transparently and we like that the Specials markets for each Lotto 💷 are much more accessible than other operators.</p>
<p></p>
<p>In general, we really respect the excellent odds/value offered and the simple functionality of 💷 their site. We feel this makes the process of placing a lottery bet with bet365 quick and easy.</p>
<p></p>
<p>In January 2024, 💷 bet365 showed their commitment to fixed-odds lottery betting by launching their own product - Lotto365. The draw takes place every 💷 5 minutes and allows users to bet on 1 - 5 balls. See our Lotto365 guide for more information and 💷 check the latest Lotto365 results here.</p>
