 took a 3 month break from</p>
<p> online poker, completely changed my game, and now am 🔔 beatin

<p>I went from a 30/25/10 LAG to just ABC TAG. I don't</p>
<p> 🔔 bluff, hardly ever cbet unless it's for value or I have

 a monster draw, and play</p>
<p> incredibly predictably. I would 🔔 get eaten alive by thinking

 players, but it took me 6</p>
<p> months to realize that the players at 25NL don't 🔔 think.

 I limp low pps from EP to</p>
<p> setmine and get paid off 100% if villains hit top pair, I 🔔 I

imp/rr AA UTG in FR games</p>
<p> and they still stack off with QQ or AK , I donk then triple 🔔

 barrel monsters and still</p>
<p> get paid off by TPGK, I have a 5% 3betting range from the blinds but p

eople 🔔 think I'm</p>
<p> always 3betting light and stack off with 99+ in BVB or blind vs BTN. I

 really do play</p>
<p> 🔔 25NL like I play live 1/2 and it's working because dumb

ass regs keep leveling</p>
<p> themselves into thinking I'm bluffing them 🔔 all the time

.</p>
<p>I used to be just like them</p>
<p> TBH. I used to get into these 3bet/4bet shoving wars preflop 🔔

  and double float people</p>
<p> with air to take it down on the river and triple barrel A high and mak

e 🔔 other horribly</p>
<p> spewy plays because I thought I needed to play like durrrr to beat 25N

L. Turns out you</p>
<p> don't 🔔 need to be afraid of the villains at 25NL; they&#

39;re all morons who read a post</p>
<p> about 3betting and now 🔔 think they have to 3bet KQ from the

BTN everytime, but they</p>
<p> missed the article about polarizing your 3betting range 🔔 aga

inst TAGs and nits. Just</p>
<p> play ABC poker and you'll crush them.</p>
