<p>Complete guide to install and configure the converter and HUD for PPPok er</p> <p&qt;Over the past</p&qt; <p&qt; few years, mobile poker apps from 💰 Asia have become a breath of fresh air for</p&qt; <p> professional players. Very lucrative pools and weak opponents have bec ome a 💰 powerful</p> <p> argument for the poker migration. And the constantly deteriorating pla ying conditions</p> <p> in the leading poker rooms stimulate even the 💰 most conserva tive players to seek</p> <p> alternatives.</p> <p>One of the most popular mobile applications is PPPoker. In terms of< /p&qt; <p> traffic volume, PPPoker 💰 significantly surpasses most simila r places for the game. The</p> <p> mobile poker room regularly holds various promotions to attract new pl ayers, 💰 signs</p> <p> contracts with professional players, and even conducts large offline s eries. Everything</p> <p> seems to be good, but what's the catch?</p> <p>The 💰 catch lies on the surface: PPPoker is a</p> <p> mobile poker application, which means that neither PokerTracker 4, Hol dem Manager 3,</p> <p> 💰 Hand2Note, nor DriveHUD can directly import hand histories from there. Hence, no HUD</p> <p> and no statistics while playing. Are we 💰 putting an end to t he plans to develop new</p> <p> PPPoker waters? No matter how it is! There is a solution 💰 an d it is called "PPPoker HUD&It;/p> <p> Catcher".</p> <p>What is PPPoker HUD Catcher?</p> <p>PPPoker HUD Catcher is a poker program that</p> <p> works in 💰 conjunction with Holdem Manager 3, PokerTracker 4, Hand2Note, DriveHUD and</p> <p> allows you to display HUD and import hand history while 💰 pla ying in the PPPoker</p> <p> application. Unlike most other Asian poker applications, PPPoker has r ecently had a</p> <p> significant advantage - an 💰 official client for Windows. In practice, the availability</p> <p> of PPPoker on PC also saves you from a headache of setting 💰
