2 player games are a popular category of unblocked games at Friv. As compared to single-player games, where you compete against a PC opponent, these games can be played by two or more players and they are more challenging. You can also play some logic games and puzzle games, if you like the cooperative mode. Some of the more complex 2 player games can also be played by a higher number of players. Our collection of 2 player games is still growing, as we add some new games every week.
