&lt;p&gt;Type of poker game&lt;/p&gt;

&lt;p&gt;Heads-up poker is a form of poker that is played between only two&lt;/p

&gt;

&lt;p&gt; players. It might be &#129534; played during a larger cash game sessi

on, where the game is&lt;/p&gt;

&lt;p&gt; breaking up and only two players remain on the &#129534; table, or wh

ere two players are trying&lt;/p&gt;

&lt;p&gt; to start a game and playing heads-up while waiting for other opponents

. It &#129534; is also a&lt;/p&gt;

&lt;p&gt; necessary phase in most sit-and-go (SNG) poker tournaments; the single

remaining&lt;/p&gt;

&lt;p&gt; tournament winner will at some point &#129534; have to face only a si

ngle opponent.&lt;/p&gt;

&lt;p&gt; Alternatively, heads-up poker may be played on purpose, either in a ca

sh game &#129534; format,&lt;/p&gt;

&lt;p&gt; or as a SNG, where two players play a winner-take-all tournament for a

fixed,&lt;/p&gt;

&lt;p&gt; previously agreed upon amount of &#129534; money. On larger online po

ker rooms and during certain&lt;/p&gt;

&lt;p&gt; tournament series, one may stumble upon larger heads-up tournaments, u

sually in &#129534; the&lt;/p&gt;

&lt;p&gt; shoot-out format. Usually, in order to ensure the fairness of the game

, all players&lt;/p&gt;

&lt;p&gt; finishing at the same level &#129534; of the tournament bracket will

be paid out the same amount&lt;/p&gt;

&lt;p&gt; of money, no matter what their finishing place is.&lt;/p&gt;

&lt;p&gt;Strategy &#129534; [ edit ]&lt;/p&gt;

&lt;p&gt;The rules of&lt;/p&gt;

&lt;p&gt; heads-up poker are the same as in a game with three or more players, e

xcept &#129534; in&lt;/p&gt;

&lt;p&gt; community card poker, the blinds are usually reversed in order to decr

ease the&lt;/p&gt;

&lt;p&gt; positional advantage in matches between two &#129534; players of simi

lar skill. Nevertheless, the&lt;/p&gt;

&lt;p&gt; strategy employed tends to be vastly different from a multi-handed pok

er game. Since&lt;/p&gt;

&lt;p&gt; only &#129534; two players take part in the hand, the chance of havin

g the best hand is much&lt;/p&gt;

&lt;p&gt; higher than in a &#129534; multi-handed game, which causes the game t

o become more aggressive&lt;/p&gt;

&lt;p&gt; than normal. Bluffs for example become easier to pull off &#129534; i

n a heads-up game since it&lt;/p&gt;

&lt;p&gt; is only necessary to bluff a single opponent in order to win the pot,

&#129534; whereas in a&lt;/p&gt;

&lt;p&gt; multi-handed game there is a greater risk of someone having a big hand
