

slots cassino ^' confi^ivel

The towering hill of Monte Cassino topped by the monastery was a linchpin in the defense of the Gustav Line. The Allies were determined to capture it, because breaching it was necessary for reaching Rome. The plan was to draw Germans away from the Soviet Union and distract them while D-Day plan, that was being finalized. Battle of Monte Cassino | Overview and Aftermath - Study Guide : academy ; lesson ; battle and significance
